FY21 Budget highlights

Budget is consistent with the Certified 2020 Fiscal Plan per PROMESA Section 202 (c)

One-year delay of most agency rightsizing measures in order to focus on efficiencies and cost reduction through agency consolidation, creation of the Office of the Chief Financial Officer (OCFO), Medicaid reform, enhancing tax compliance and optimizing taxes/fees, and reforming the Island's pension systems

Provides budget incentives tied to the achievement of certain critical milestones

Improves the capacity of the government through targeted investments in Health, Education, and technology as well as strategic capital investments in hospitals, correctional intuitions, ports, public safety equipment, and other infrastructure

Maintains funding of critical services such as Education, Health, Public Safety, Corrections, Economic Development, and Social Welfare

Prioritizes implementation of reforms designed to promote focus of finite Government resources on front-line service delivery including Education, Health, Public Safety, Corrections and Rehabilitation, and Economic Development and Commerce

Delays previously scheduled reductions in subsidy levels to University of Puerto Rico (UPR) and municipalities

Adequately meets requirements for consent decrees for Police, Corrections, ASSMCA, Education, and Clean Water Act

FY21 General Fund Budget increases primarily due to targeted investments and items previously classified as Special Revenue Funds ("SRF")

(\$ in millions)

1. In December 2019, the Further Consolidated Appropriations Act was passed, which provided supplemental federal funding to Puerto Rico's Medicaid program. The additional federal funds reduced the Commonwealth's Medicaid obligation in FY21
2. In FY20, the Commonwealth repaid Federal Funds that were deposited at GDB
3. In FY20, these items were included in the Special Revenue Funds

71% of the General Fund Budget is allocated to Education, Public Safety, Health, Economic Development and Pension payments
